Sep 2024 - Sep 2025

MSc in Data Science - Full Time - Currently Pursuing

- Data Management
- Data Visualization
- Data Analysis
- Machine Learning
- Predictive Modeling
- Cloud Computing

University of Greenwich | London, UK (Oversea)

Jan 2022 - Jan 2023

BSc (Hons) in Computing (Information Technology) - Full Time

- First Class
 - Backend Web Development
 - Dynamic Web Development
 - CMS
 - Project Management
 - ICMS
-

TECHNICAL SKILLS

Programming: Python, R, JavaScript, PHP

Machine Learning: Scikit-Learn

Data Manipulation: Pandas, Numpy

Data Visualization: Matplotlib, Seaborn

Databases: MySQL, PostgreSQL, MongoDB

Software Development: Flask, React, Laravel

PROJECTS

Smart Budgeting - MSc Project

- ML-powered expense tracker (Flask + React)
- Spending prediction with scikit-learn
- SQL database for financial data management

House Property Price Prediction

- Real estate pricing model (scikit-learn & XGBoost)
- Integrated real-world datasets with MySQL
- Applied feature engineering for accuracy improvement
